

Merco Tape, it not only sticks, seals, holds, lubricates, insulates, protects and sells It'll Make Ya' Smile!

Merco Company
Stick With Us®
Quality tapes since 1972

Not really looking forward to another day at the office, are you?

Customers are constantly complaining about pricing. Your other mills are announcing still yet *another* increase. The bean counters are on you for better margin but the Big Box stores are squeezing you until you're blue.

And all you get is a lousy medal at the end of the year office party...

Not any more. You've found Merco. (And it's about time. We've been making fine supply houses like yours smile since 1972!) Manufacturers, converters and importers of quality tape products. If it sticks, seals, holds, lubricates, insulates, protects, in fact, *if it sells*, we've got it.

All, of course, at pricing that is exceptionally aggressive, so now *you* can squeeze the Big Boxes blue! Ask your salesman for pricing and samples today. And smile!
