Think it's easy pleasing people in the tape business? Everyone has a different application. Everyone needs a different size. Of course, everyone's an expert, and everyone needs it yesterday. Sound familiar?

These are the types of situations we excel at. From commodity sizes to custom cuts. From Duct Tape to Kapton. Hardware to Aerospace. Our 94% next day ship rate is among the best in the industry, and our minimum order is only one case.

We've been pleasing customers, like Gus above, for two generations now. Since 1972. Let us show you how we can please you too.
