

“If there wasn’t a Depression, if a roll of masking tape wasn’t more valuable to the boss than my own time, (of course, if masking tape even existed in 1934,) I would demand only **MERCO MASKING TAPE!**”

*Merco Company*  
*Stick With Us®*  
*Quality tapes since 1972*

Who would have known that 21st century house painters would be paid more than FDR was in the 1930s? Can you *really* afford to pay them to clean glass, sand wood trim or wash carpet edges?

At Merco, we stock masking tape for most any application: utility, retail and general purpose, industrial grade, auto body, medium and high temperature, artist’s and sound board, flat back, colored and of course, removable, residue-free blue painters masking.

Whether you need a special cut, 1/4” up to 48”, or a more conventional standard commodity size, Merco should be your vendor of choice for selection, for quality, for performance and for price.

Be sure to ask your salesman about our other tape products too. We offer a full line of ducts, foils, gaffers, shipping room, double coated and specialty tapes. Tapes for just about any building trade, theater and the arts, manufacturing and technology.

After all, if you are paying your contractors more than the president makes, do you really want to give him less than top-shelf materials and risk redoing a job?
