

Aren't you glad your shipping room uses MERCOCO Carton Sealing Tape?

Merco Company
Stick With Us®
Quality tapes since 1972

This is where we would normally put the ad copy about the benefits of using Merco Tape products.

We'd tell you how our tape is top quality, how we stock most everything we offer (remember our 94% next day ship rate), and in more varieties than our warehouse manager cares to think about. We'd tell you how we have been keeping fine wholesalers and distributors happy for over 30 years.

However, in this case, we'll just leave it at the old adage, "A Picture is Worth a Thousand Words". Can you afford *not* to use Merco Tape?
